

# Shared Values for a Shared Community

## Locally Owned and Operated

silver  
therapeutics

Silver (Ag) Therapeutics is a locally owned and operated cannabis enterprise. The three member ownership group were born and raised in New England and have a mission to help communities achieve their wellness and adult use goals through the cultivation and distribution of high-quality cannabis.

The Silver (Ag) Therapeutics team invested significant personal capital to open retail cannabis establishments in Massachusetts. They are all local investors—with local values.

The leadership team consists of:

- Josh Silver from Saratoga Springs, NY
- Brendan McKee from Hull, MA
- Josh Ferrento from Brookline, MA

### Socially Invested

The Silver (Ag) Therapeutics vision is based on their shared values for building a socially responsible cannabis company that positively impacts the communities they serve and provides unique opportunities for economic empowerment and industry education for all.

#### City Farm

A community learning lab in Roslindale, MA dedicated to introducing best practices in cannabis cultivation, retail and management to those disproportionately harmed by cannabis prohibition.

- Lab setting tutorials and train the trainer opportunities.
- The engagement and investment from the community will help Ag Therapeutics and the community be a true Technology Incubator for the marijuana industry; Providing educational services for both the young and seasoned entrepreneur.

### Inclusive

- Partnership with Berkshire Area Health Education Center (AHEC) providing an Education Series on youth prevention, healthcare provider education and risk/benefits of cannabis use.
- Veteran's and wellness care.
- Partnered with #ILOVESOCIALEQUITY movement to promote equity throughout the cannabis industry with a commitment to hiring goals including events that offer attorney's time to seal or expunge records of those with cannabis related convictions on their records.
